

# TACTICAL ASSAULT CARRIER (TAC)

Ushering in the next generation of external carriers, the Tactical Assault Carrier (TAC) features a number of advancements including improved adjustability in both the shoulder and side closure areas. Made from a rugged 1000-denier Cordura® nylon, the TAC is built to last with the maximum level of comfort and durability. The TAC comes in a Clean, Pocket and Modular Webbing variation and is available in custom sizes.
